From (Name) M. R. Ry. M. Shiva Rau, Avergal,
(Designation) President, Puttur Taluk Board.

To The Secretary to the Government of Madras,
PUBLIC HEALTH Department.

Through

The President, District Board,
South Kanara

Sir,

In submitting herewith copy of Resolution No. XI of the Puttur Taluk Panchayats Conference held here on the 3rd instant, I request that Government may be pleased to favourably consider the representation made and make some provision in the next Budget for helping Panchayats in undertaking anti-malarial operations.

It cannot be denied that in order to combat malaria --- effectively, anti-malarial measures have to be undertaken and a beginning has to be made somewnere to ---

demonstrate its uses.- It is proposed to do this in the Panchayat areas of Dharmastal and Mundaje, where local support for the measures would be forthcoming. The funds of the --- District Board are insufficient to meet (the) its normal expenditure and proposals are on foot to effect drastic cuts to adjust its finance. It is therefore hopeless to expect the District Board to find money to meet this demand. A small subsidy may therefore be provided in the next provincial budget to aid anti-malarial measures. Subsidy may be given even on the half grant system.

Your most obedient servant,

M.S.Shivarao 13/12
President.

B.G. 13.12.

Resolution No. XI.

Public Health

XI. Anti-malarial measure - starting of - urged.

This Conference urges on the attention of Government the imperative need for starting anti-malarial measures in this unhealtny taluk and strongly presses for making a beginning into one or two villages at least - preferably Dharmastala and Mundaje - in the next year, by providing the necessary subsidy for the purpose in next year's budget.

Subject: Anti-malarial operations in Puttur Taluk

Grant. Sonthkanara Dt. B.D.

In 1929, the P.T.B. Puttur framed a scheme of anti-malarial operations to be carried in villages of Dharmastala and Kudaje and requested the Govt to make a grant from Taluk Board towards the cost of the scheme. The scheme was estimated to cost Rs 1,000 in the first year and Rs 600 in subsequent years. The Govt approved the scheme but declined to make a grant towards the cost of the scheme. They stated that the T.B.D could meet the cost from its own funds. Again, about the end of 1929, the P.T.B. Puttur requested the Govt to reconsider their order and to make a grant to the Taluk Board for carrying anti-malarial operations in this two

villages mentioned above. He also requested the Govt to appoint at their cost an officer for a malaria survey in the villages and for supervision of the works the Govt declined to grant the request vide Go No 353 P.H of 18-2-30.

In 1931 the P.D.B. X

drew attention to the proposal for starting of a scheme of antimalarial operations in Dharmasala alone at an estimated cost of Rs 1000 and requested the Govt to give a half grant towards the cost of the scheme. The Govt were unable to grant the request in view of the then financial stringency and advised the D.B. to meet the expenditure from the D. Funds.

G.O 2115 PH (G) 4.11.31

Since 1929 in which some antimalarial work appears to have been carried out at Dharmasala only for one year and this too was abandoned for want of further financial assistance. The present request is that antimalarial measures should be started in 1934-35 in the two villages mentioned above and that some provision should be made for

G.O 2110 PH (G) 4.11.31

(J2)

this purpose in the next year's budget estimates is not in a position to find funds for the same. The applic has not been received in time. According to para 2 of G.O. no. 1373 P.H of 4.6.1930

~~The Govt. stopped the practice of~~ granting non-recurring grants limited to one-third of the cost of approved and sanctioned antimalarial works can be made if and when funds permit. In view of the present financial stringency no grant can be made to the Puttur T.B. for starting antimalaria measures. The P.T.B. may therefore be informed that the Govt. are unable to grant his request. A draft order is submitted for approval
